Indeed. You retain full copyright ownership and rights to print and reproduce your manuscript. All decisions concerning your work are yours to make.

With Authors On Mission, you get a robust marketing strategy to boost your book's trajectory. We conduct an Amazon Bestseller Campaign, focusing on early sales, reviews, and rankings to create a strong base for your book's future trajectory. Within the first seven days of your book's unveiling, we aim for it to reach Amazon bestseller lists, initiate sales momentum, accumulate reviews, gain recognition in your circles, and have a clear plan for future promotions.
