

Give Your Pool a Facelift with New Glass Tile

If your pool is starting to show its age, it might be time for a facelift. And what better way to give your pool a fresh new look than with glass tile? Glass pool tile is a popular choice for pools because it's durable and comes in a variety of colors, sizes, and finishes. Whether you want to tile just the pool waterline or the entire pool, [Mineral Tiles](#) has the perfect tile for your project.

One of the great things about glass tile is that it's easy to clean and maintain. Glass is a non-porous material, so it won't absorb dirt, grime, or bacteria like other types of tile can. That means your glass tile pool will stay looking sparkling clean for years to come.

If you're ready to give your pool a fresh new look, browse our selection of glass pool tiles and find the perfect match for your project. Mineral Tiles has everything you need to make your pool look like new again.
