

1.1.4.2 Issues Resolution Review Committee

A. Purpose and Function

The Issues Resolution Review Committee is a university-wide advisory committee that reviews issues identified from any area of the University that do not clearly fall within the purview of other committees or areas.

This committee reviews issues brought to any of its members by members of the University or initiated within the committee.

After an initial hearing and review of any issue brought to it, the committee may refer the issue to the appropriate University area for resolution or maintain the issue for its own study. If necessary, the committee may confer with the President to determine the appropriate University area for resolution. If the Issues Resolution Committee determines that the committee is the appropriate body to assess the issue, it will gather additional information prior to providing a report and recommendation to the President. The President will then meet with the Issues Resolution Committee to discuss the recommendation before making a final determination. The determination will be communicated to all stakeholders, including the Faculty Senate, with appropriate consideration made to ensure confidentiality.

B. Membership

Two members and two alternates are elected by the Faculty Senate; two members and two alternates elected by Staff Educator Senate. The Issues Resolution Review Committee elects its own chair
